Coordinator Work Experience Checklist

Before the Work Experience – Coordinator Should

- ✓ ***Review The Work Experience/Internship Program and Any Associated Requirements/New Requirements:***
 - Program Requirements
 - WEE programs may require curricular submissions depending on placement/historic placements
 - Grant programs/including paid programs, may have participation standards/requirements
 - District/COE may also have adopted other requirements (grades, year in school, etc.)
 - Externally created “internships” are **not** necessarily a District/COE concern absent a desire for credit or sponsorship by the Sponsor/Employer. Risks should not be created by participation in non-approved programs; when in doubt, seek legal guidance and/or confirm prior District/COE sponsorship
 - Confirm Time-frames and any external requirements/limits on time of participation
 - Staff support, ensuring support staff knows roles/requirements
 - Determine if Payment is/will be made, source, and type (stipend, and its limitations, or wages)
 - Timely completion of necessary forms (District/COE and external placement forms)
 - External placements may have their own “forms” and “placement agreements” needing to be timely reviewed/approved (approval only by designated District/COE representative for executing contracts and agreements), particularly in avoiding conflicts or unexpectedly assumed obligations
 - Paid/Unpaid Paid programs, particularly those creating “employment” relationships, will have their own forms and review processes, recognizing that in California “joint employer” relationships may exist that should be reviewed/evaluated by District Counsel or advisors.
 - ***Coordinator Must Ensure that all Forms/Documents are in a Confidential Program File before the Student commences the work/program.***
- ✓ ***Identify Interested and Qualified Students:***
 - Students Must meet Program, Grant, or other participation requirements, with a review process implemented to ensure qualification standards are met.
 - Select and refer qualified and appropriate candidates for external interviews matching program and student goals; Students may also present options to the District/COE, but there should be a confirmed “match” with the Sponsor/Employer supervisor.
 - Review with Student and (if a Minor) Parent/Legal Guardian the Program Agreement, including learning objections and terms/conditions. This should also include transportation obligations and any safety issues.
- ✓ ***Identify Interested and Qualified Sponsors/Employers:***
 - Review legal status (correct legal name, good standing/all current licenses, existence of insurance covering their legal/workers’ compensation liability, legal background checks)
 - Conduct a review of the physical premises (most programs) to ensure physical safety issues/standards
 - Ensure understanding of Confidentiality, Cooperation, and Compliance Standards (Review Form)
 - For Paid Programs – Ensure Grant/Program Requirements and Ensure that All Appropriate Forms are executed by Legal Entity.
